1. Talk about Idolatry. What is it, how does God feel about it? How is His name involved? How important is God's name? Give an example of how important God's name is. Include Scripture references in this essay.
2. A.W. Tozer said in his book *The Knowledge of the Holy*, "What comes into our minds when we think about God is the most important thing about us. ... Worship is pure or base as the worshiper entertains high or low thoughts of God."

*For this reason the gravest question before the Church is always God Himself, and the most portentous fact about any man is not what he at a given time may say or do, but what he in his deep heart conceives God to be like. We tend by a secret law of the soul to move toward our mental image of God. This is true not only of the individual Christian, but of the company of Christians that composes the Church. Always **the most revealing thing about the Church is her idea of God**, just as her most significant message is what she says about Him or leaves unsaid, for her silence is often more eloquent than her speech. ...*

*Were we able to extract from any man a complete answer to the question, "What comes into your mind when you think about God?" we might predict with certainty the spiritual future of that man. Were we able to know exactly what our most influential religious leaders think of God today, we might be able with some precision to foretell where the Church will stand tomorrow. ...*

*A right conception of God is basic not only to systematic theology but to practical Christian living as well. It is to worship what the foundation is to the temple; where it is inadequate or out of plumb the whole structure must sooner or later collapse. I believe there is scarcely an error in doctrine or a failure in applying Christian ethics that cannot be traced finally to imperfect and ignoble thoughts about God..."*
